Commercial Bank Of Utah Distributes Scenic Booklet

A colorful, new 28-page booklet, telling the history and present day scope of Roosevelt and Duchesne, as well as other sister communities in Central and Eastern Utah, was published this week by the Commercial Bank of Utah, according to Wesley R. Dickerson, Roosevelt manager and Var Rosenabum, manager at Duchesne.

The booklet, which contains 24 photographs and six art sketches, will be distributed free of charge as a public service to tourists, visitors, schools and libraries, and hundreds of copies will be sent throughout the nation promoting the interests of our area.

A project of the Commercial Bank's 50th Anniversary year, the booklet contains stories, statistics and photographs of Spanish Fork, Payson, Nephi, Delta, Heber, Duchesne and Roosevelt. Much of the information contained in the booklet has never been published in this form before.

The cover of the booklet, which is printed in full color, is headed "Welcome to Roosevelt" and "Welcome to Duchesne" and features a color photo of a typical Utah mountain scene by nationally famous writer and photographer Willard Luce.

According to Mr. Dickerson and Mr. Rosenbaum, the booklet will be distributed through the Chamber of Commerce, local business houses and the bank. Copies will be sent to Chambers of Commerce in cities throughout the country and to businesses and industries considering locations in this area.

The two managers invite local residents and business men to send copies to friends in other states. Copies are available free of charge at the bank.

Considerable effort and expense have been put forth to make the booklet an accurate, fair appraisal of the area in capsul form. The format was designed for easy mailing and distribution.

"The booklet is intended as a tribute to our many friends and patrons, whose faith in our service over the past 50 years has been largely responsible for our growth and the growth of this area," Mr. Dickerson and Mr. Rosenbaum said.

The initial bank of the Commercial Bank system was chartered in 1905 as the Commercial Bank of Spanish Fork. In 1948, the commercial Banks of Spanish Fork, Heber, Nephi, Payson and Delta were consolidated into the present corporation. In 1951, the Roosevelt State Bank was merged with the Commercian Bank of Utah and a branch of this bank was opened in Duchesne the same year.

Thus, the Commercial Bank has grown from one small office with two employees in 1905, to seven modern up-to-date offices employing more than 70 Utahns today.

$200 Per Capita Payment Awaits Ute Tribe

Sometime next week, the exact date not being certain, 1801 members of the Ute Indian tribe in this area will receive a $200 per capita payment from the United States government This fact became certain when the mixed-bloods voted 135 to 0 in favor of the payment for their group.

According to Rex O. Curry, tribal manager, the present revised act makes it necessary for those mixed-bloods of the tribe to vote whether to accept the payment, or leave it in their own group fund. The meeting approved the payment.

Immediately following announcement of another payment for the tribe, the payroll was prepared in the Fort Duchesne office and sent to the regional office at Phoenix for approval. When the green light was given here, and OK'd by the Arizona office, the date was forwarded to the Regional Distributing office at Los Angeles, where the checks are being made out. As soon as this is done, the checks will be sent to Fort Duchesne for distribution.

Total amount of the payroll that will be distributed to the Ute members is $360,200.00. Certain obligations must be met first to the tribe and agency by those who are to receive the money. After this is done they will receive the remainder.

Queen Breaks Foot

By an unhappy quirk of fate, Queen Marilyn suffered a broken foot Saturday when she stepped from the float she was to ride in during the parade. Although in considerable pain, Marilyn remained in the parade, and continued her royal duties during the rest of the day, which included picking the winning ticket from a container during the rodeo.

Unless unforseen developments occur, Queen Marilyn will be able to participate in the Miss Utah contest on Sept. 24th.
